	Port / Conexión	Function / Función	Thread / Rosca																																																																							
	SUP	Supply / Alimentación	G-1/8"																																																																							
	CONT	Control / Pilotaje	G-1/8"																																																																							
	DEL	Delivery / Salida	G-1/8"																																																																							
EXH	Exhaust / Escape	-																																																																								
E	Purpose / Propósito: Regulation of air pressure in the air reservoirs. When air reservoirs reach enough pressure, send a signal to the air dryer to start with the regeneration phase and the filter cleaning./ Regulación de la presión de aire en los depósitos de aire comprimido. Cuando los depósitos de aire comprimido tienen una presión suficiente, manda una señal a la válvula secadora para empezar con la etapa de regeneración y limpieza del filtro.							E																																																																		
F	Installation requirements / Requisitos para la instalación: Mounting is accomplished with two M6 screws. / El montaje se realiza con dos tornillos M6.							F
