A Technical sheet / Datos técnicos:																																																											
Part number adaptable to / Referencia adaptable a:				3720600220																																																							
Working pressure / Presión de trabajo:				max. 10 bar																																																							
Type of current / Tipo de corriente:				Direct current / Corriente continua																																																							
Voltage / Voltaje:				24 V																																																							
Nominal current / Corriente nominal:				0.115 A																																																							
Permissible medium / Medio de funcionamiento:				Air / Aire																																																							
Operating temperature range / Rango de temperatura:				-40 °C to / a +80 °C																																																							
Weight / Peso:				1350 gr

Port / Conexión	Function / Función	Thread / Rosca																																																									
11-12	Supply / Alimentación	M12x1.5																																																									
21-22-23-24	Delivery / Salida	M12x1.5																																																									
3	Exhaust / Escape	-																																																									
4	Control / Pilotaje	Ø8 mm																																																									
E Purpose / Propósito: Allow air flows to delivery port when the solenoid is activated. / Permitir el paso de aire hacia la conexión de salida cuando se activa el solenoide. Installation requirements / Requisitos para la instalación: The valve must be installed using two screws M5. / La válvula debe ser instalada usando dos tornillos M5.
